

Animal Science Products Announces the Appointment of Mike Putnam as Business Unit Manager

Thursday June 11, 2009

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned premix blender, feed additive distributor and package goods manufacturer, announced today that Mr. Mike Putnam has joined the company as the Feed Additive Business Unit Manager.

Actually, Mr. Putnam began his sales career with Animal Science Products serving the company in multiple capacities from 1989 thru 1996. After 1996 he spent time with two of the major vitamin companies. During this tenure, he was involved in sales and special projects. In 2002, Mr. Putnam moved into the specialty chemical industry where he was involved with the startup of a now fortune 100 company. Then he joined a fortune 400 company where he served as a key account and sales manager.

Commenting on Mr. Putnam's appointment, Mr. Bailey Reynolds, President of Animal Science Products said, "We are pleased to have Mike coming home to the ASP family. Mike truly loves customers and values their relationships. We look forward to him leading our Feed Additive business and serving our customers in a fashion they deserve".

Animal Science Products, Inc. is a family owned and operated business that was founded in 1985 to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company currently has sales in twenty three states and twenty five countries.
