

**Animal Science Products Expands Sales
Into Bangladesh Through Their Newest
Distribution Partner Seraph Trading**
Wednesday May 13, 2009

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned premix blender, feed additive distributor and package goods manufacturer, has signed on a distributor agreement with Seraph Trading for Bangladesh.

Seraph Trading was established in 2005 to serve all facets of animal agriculture. They will distribute both feed additives and package goods for Animal Science Products. Commenting on the agreement, Seraph President and Owner Dr. Md Kamruzzaman said, "We are very excited about bringing this product line into our market for the first time. We feel there are a number of products that our customers will greatly benefit from in their operations." Mr. Ryan Izard, Director of Nutrition & Technical Services for ASP said, "It is great to have someone as technically sound as Dr. Kamruzzaman to support our products in his market. He will be very helpful, insuring the customer receives the maximum benefit from our leading edge products." ASP President Mr. Bailey Reynolds said, "We welcome Seraph to our team and look forward to building our business together."

Animal Science Products, Inc. is a family owned and operated business that was founded in 1985 to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company currently has sales in twenty three states and twenty five countries.
