

## **Animal Science Products Announces the Appointment of Sasanka Pedapudi as Laboratory Manager**

*Friday, July 9, 2010*

Nacogdoches, Texas - Animal Science Products Inc., a leading privately-owned premix blender, feed additive distributor and package goods manufacturer, announced today that Mr. Sasanka Pedapudi has joined the company as the Laboratory Manager.

*Sasanka Pedapudi*

Recently, Mr. Pedapudi graduated from Stephen F. Austin State University with a M.S. degree in Biotechnology. As Laboratory Manager, Mr. Pedapudi oversees chemical, physical, and microbiological analytical services for both raw ingredients and finish goods. Selected testing services, including premix handling characteristics, vitamin stability, pellet durability, solubility and resistance to mold and bacterial contamination, are offered to help customers maintain finished feed quality and consistency. Mr. Ryan Izard, Chief Science and Technology Officer commented, "Sasanka's addition to our team adds a whole new dimension of opportunities to serve customers' quality assurance needs. We are fortunate to be able to add someone of his caliber to our premiere quality assurance team."

Animal Science Products, Inc. is a family owned and operated business founded in 1985 to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company currently has sales in twenty three states and twenty five countries.
