

## **Animal Science Products, Inc. Announces the Addition of Stephen Morcom to the Sales Team.**

*Tuesday, June 1, 2010*

*Stephen Morcom*

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned vitamin/trace mineral premix blender and feed additive distributor, announced today that Mr. Stephen Morcom has joined the company's sales team.

Mr. Morcom recently graduated from Oklahoma State University where he earned a degree in Animal Science Production with a focus in Agricultural Economics. Mr. Morcom will have the responsibilities of Key Account Sales and Customer Service for the Animal Science Products, Inc. Feed Additive Business Unit.

Commenting on Mr. Morcom's appointment, Michael Putnam, Feed Additive Business Unit Manager for Animal Science Products said, "We are pleased to have Stephen join our team! His strong communication skills and extensive experience in integrated livestock production will be a valuable asset for us as well as our customers".

Animal Science Products, Inc. is a family owned and operated business that was founded to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high-quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods. The company current has sales in twenty three states and twenty five countries.
