

**Animal Science Products, Inc. Announces the Addition
of Yuxin Shao to the Technical Services Team.**
February, 2011

Yuxin "Jane" Shao

Nacogdoches, Texas- Animal Science Products Inc., a leading privately-owned vitamin/trace mineral premix blender and feed additive distributor, announced today that Ms. Yuxin "Jane" Shao has joined the company's technical services team.

Ms. Shao is a native of Lingbao, Henan Province, PR China. She attended Beijing American English Language University, graduating from their international business program in 2005. Her international business studies were advanced at Stephen F. Austin State University in Nacogdoches, where she graduated in 2010. Yuxin has previous experience in quality assurance roles within the international food and beverage industry. She now joins Animal Science Products, serving customers as Formulator and QA Manager.

Commenting on Ms. Shao's appointment, Ryan Izard, Chief Science and Technology Officer of Animal Science Products said, "We are pleased Yuxin has chosen to join our team, and look forward to extending her valuable product formulation and quality assurance knowledge to serve our customers".

Animal Science Products, Inc. is a family owned and operated business that was founded to service all facets of the feed and food animal production industry. The firm produces and distributes a full array of high quality feed additives, micro ingredients and premixes for all species. Animal Science Products also serves the livestock, poultry, and companion animal markets with nutritional and health-related packaged goods.

The company currently has sales in twenty-three states and twenty-five countries.
