

MagnaFerm[®]

YEAST CULTURE

FOR USE IN LIVESTOCK, POULTRY, AND PET NUTRITION

DIRECTIONS FOR USE

Include MagnaFerm[®] Yeast Culture as a routine part of your nutrition program by thoroughly mixing or top-dressing the following suggested amounts:

Dairy 1.5-2.0 oz/head/day (42.5-56.7 grams) in the daily supplement, or

5-15 lb/ton (2.5-7.5 kg/metric ton) of complete feed

Beef Cattle and Horses 0.5-2.0 oz/head/day (14.2-56.7 grams) in the daily supplement, or

5-20 lb/ton (2.5-10.0 kg/metric ton) of complete feed

Swine and Poultry 5-20 lb/ton (2.5-10.0 kg/metric ton) of complete feed

Sheep and Goats 0.5-1.0 oz/head/day (14.2-28.4 grams) in the daily supplement, or

10-20 lb/ton (5.0-10.0 kg/metric ton) of complete feed

Pets 10-20 lb/ton (5.0-10.0 kg/metric ton) of pet food

INDICATIONS

MagnaFerm® Yeast Culture is a high-quality source of fermentation media and live, active Saccharomyces Cerevisiae yeast cells that are matured in a multi-stage fermentation. The yeast cells are delicately dried and preserved in the original rich fermentation media to retain the fermentative and enzymatic activity of the yeast.

PACKAGING

50 lb (22.68 kg) polyethylene-lined multi-wall bags.

INGREDIENTS

GUARANTEES

Crude Protein, not less than	12 %
Crude Fat, not less than	3%
Crude Fiber, not more than	5%
Ash, not more than	4%

Saccharomyces Cerevisiae yeast dried in the original fermentation media comprising ground yellow corn, corn gluten meal, malted barley, cane molasses, and condensed fermented corn extractives.
