Specification Sheet

FLAVORS

INDICATIONS

Apple-Kist is a well-rounded apple aroma. Ideal for adding a consistent aroma to animal feeds of any type.

DIRECTIONS FOR USE

Mixing Directions: Thoroughly mix at least 2 pounds of Apple-Kist into each ton of feed to create a pleasant apple aroma in your finished product. If a stronger flavor presence is desired, increase the level of Apple-Kist until your formulation requirements are met.

INGREDIENTS

Artificial Flavoring, Verxite Granules, Calcium Carbonate, Fenugreek Seed Extract, Vanillin Extract, and Propylene Glycol.

CAUTIONS

Store in a cool, dry place.
Avoid exposure to excessive heat and sunlight.
Use with adequate ventilation.
Keep container tightly closed when not in use.

PACKAGING

40 lb. (18.14kg) resealable / reuseable shipping bucket

Recyclable container

ADVANTAGES

- Provides finished feed with a consistent aroma, yet allows for nutritional adjustments to feed without animal consumption drops.
- Floor stock items allows for convenient ordering.
- Resealable bucket is both convenient as well as protective. Keeping flavor at absolute freshness by protecting from harmful oxidative elements.
- Environmentally friendly and recyclable packaging.
- Low inclusion rate.
- Apple-Kist allows you to build brand recognition to a particular feed with its unique aroma.
