

ROASTED GARLIC-KIST

Specification Sheet

FLAVORS

ANIMAL SCIENCE PRODUCTS[®]
INCORPORATED
www.asp-inc.com

INDICATIONS

A strong, yet pleasant garlic aroma specially formulated for use in canine pet foods.

INGREDIENTS

Natural and artificial flavoring, Verxite Granules, Mineral Oil, and Calcium Carbonate.

DIRECTIONS FOR USE

Thoroughly mix at least 1 lb of Roasted Garlic-Kist into each ton of feed to create a mild, pleasant garlic aroma in your finished product. If a stronger flavor presence is desired, increase the level of Roasted Garlic-Kist until your formulation requirements are met.

CAUTIONS

Store in a cool, dry place.

Avoid exposure to excessive heat and sunlight.

Use with adequate ventilation.

Keep container tightly closed when not in use.

PACKAGING

40 lb. (18.14kg) resealable / reuseable shipping bucket

Recyclable container

ADVANTAGES

- Specifically formulated for use in canine pet foods. Highly attractive and palatable to all breeds.
- Floor stock item allows for convenient ordering.
- Resealable bucket is both convenient as well as protective. Keeping flavor at absolute freshness by protecting from harmful oxidative elements.
- Environmentally friendly and recyclable packaging.
- Low inclusion rate.
- Roasted Garlic-Kist allows you to build brand recognition to a particular pet food with its unique aroma.
