

VITA-SOL

Specification Sheet

LIQUID VITAMINS

www.asp-inc.com

INDICATIONS

Vita-Sol is a liquid vitamin supplement for addition to the drinking water of poultry and livestock.

ADVANTAGES

- Supplements vitamin intake during periods of reduced feed consumption.
- Liquid formula is more convenient and allows vitamins to be more immediately and uniformly distributed in the water than dry vitamin products.
- Contains superior concentrations of Riboflavin, Folic Acid, Vitamin E, and Biotin, vitamins critical for growth and reproduction.
- Contains stabilized Vitamin C.
- Will not clog proportioners or drinkers.

DIRECTIONS

Mixing Directions: Add 4 ounces of this liquid vitamin supplement to each 256 gallons (120 ml per 1000 L) of drinking water.

When using automatic proportioner devices: Mix 4 ounces per 2 gallons of stock solution and meter at 1 ounce per gallon of drinking water. Use as the sole source of drinking water. Prepare fresh solutions daily and repeat as necessary.

CAUTIONS

Keep container tightly closed.
Store at room temperature.
Protect from temperature extremes.
Not for human use.
Keep out of reach of children.

PACKAGING

12 X 1 Quart (0.95 Liter) Bottles

INGREDIENTS

Guaranteed Analysis

Each Bottle Contains
