

MEMO from the Food Safety PCQI

June 13, 2017

Animal Science Products, Inc., of Nacogdoches, TX, is proud to announce their recent Certification in the Safe Feed/Safe Food program of the American Feed Industries Association (AFIA). The Safe Feed/Safe Food Certification Program is a voluntary, third-party-certified initiative designed for feed mills and feed and ingredient-related facilities in the United States and Canada. The program establishes comprehensive standards of excellence that go beyond existing regulations to show leadership and maximize food and feed safety.

Mike McCaffrey, Food Safety PCQI, said, "Animal Science has always been committed to producing safe, high quality nutritional products for the livestock and pet industries. The "Excellent" rating we received during the certification process demonstrates our resolve to be a world-class leader in this field".

Animal Science Products, Inc. is a family owned and operated business that was founded in 1985 to service all facets of the feed and food animal production industry. The company currently has sales throughout the U.S. and over 30 countries.
